THE CLASS OF 1985

We started out so scared and insecure,
so scared and insecure.
Yet now together,
We all seem so sure.

Some where down the line,
We've all grown up.
Somewhere down the line,
At some place or time.

I'm not sure,
Exactly how it happened.
I'm not even,
Sure if it ends,
But somehow down that line,
We've also become friends.

I hope in the Future,
It's easier for me to understand,
Why you can't always be here,
For me, to hold my hand.

Today we take a step,
Not only away from each other,
But a step towards our future, our hopes, and our dreams.

With all my love and luck, Lisa Cary

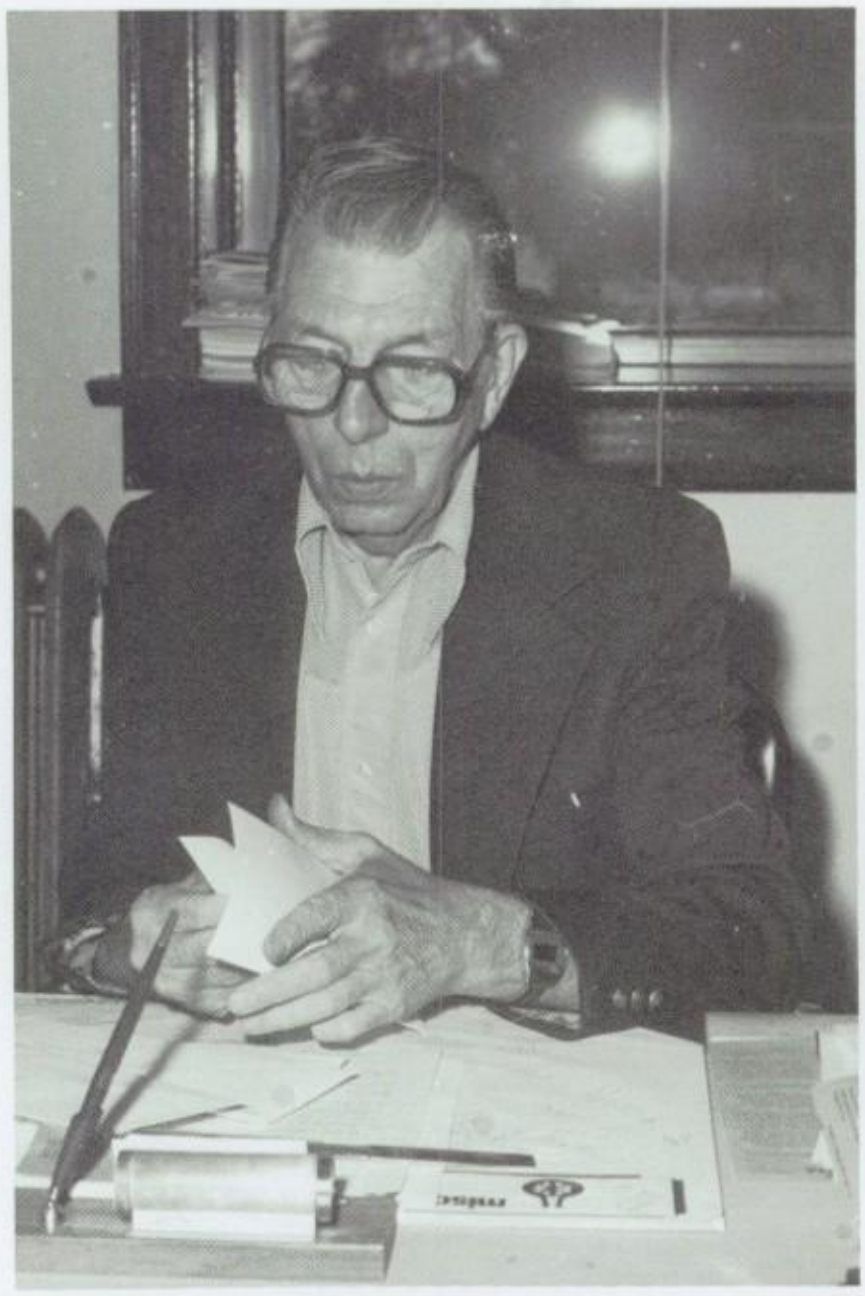
ADMINISTRATION

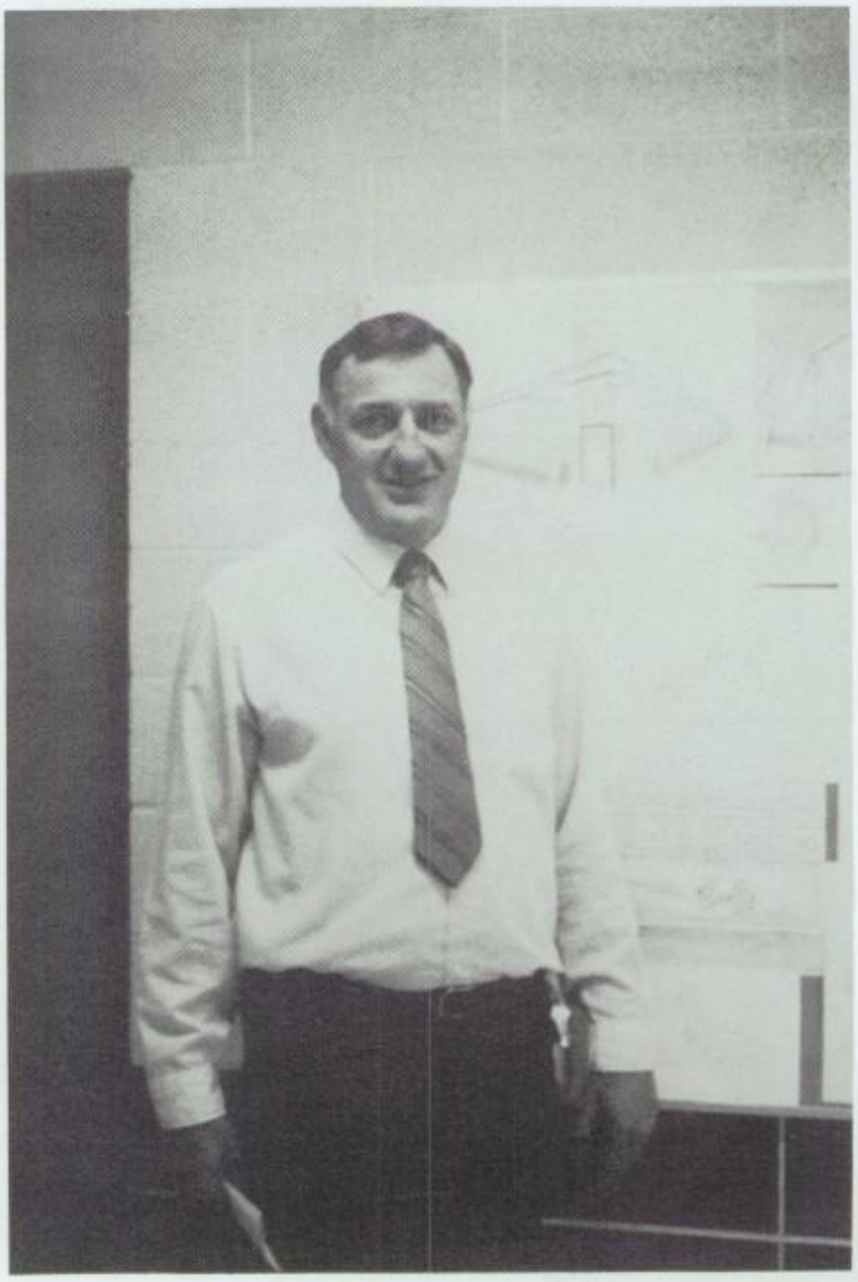
MR. KEITH REINHARDT, SUPERINTENDENT



Mr. Reinhardt has been superintendent at Dow City-Arion for 14 years. He finds that the advantage of our school is that it is more humanizing. There isn't anyone that you don't know, not like it would be in a larger school. Knowing all the kids, parents and teachers is a great advantage.

Mr. Reinhardt hopes that everything that comes out of our school is positive. Some of the positive things he sees are that the students get a better chance to compete in activities and can make more friends.

MR. DAVE SEXTRO, PRINCIPAL



Mr. Sextro has been at Dow City-Arion for nine years and has been principal for the past six years. The advantages he sees in our school is knowing all the students and understanding their problems. He says, "You just don't know the kids in a big school." He likes the first name basis, knowing the nicknames and if they don't have one they'll get one.

In our school we can tailor the program to suit the students' needs. We are more flexible within the curriculum and the teachers get to know the students better.

Mr. Sextro thinks that the student body, in general, has changed to where the kids are more interested in school activities and have gotten away from the rebellious stage. He is glad to see that the younger classes are becoming bigger.

The most positive thing he sees is that our students get a better chance to be in extra-curricular activities and can be in any event they want.

FRIENDS OF EDUCATION

Receiving the Friends of Education Award for the late John K. Weiss are his wife, Donna Weiss and daughters, Kathy Garrett and Marilyn Ettleman. Mr. Weiss was a former school board member and friend of the community.

SCHOOL BOARD

School Board members meet once a month to discuss many subjects. They discuss the budget, approve bills, class schedules, purchase of new textbooks, computers, or other school materials. They also try to keep a quality education, help students and parents solve problems, discuss any teacher problems, and set school policy for students and teachers. There are many more things our school board members do to make our school the best it can be.

1984-1985 School Board Members: Row One: Emmet Ahart — President, Larry Steffes, Richard Brown. Row Two: Phyllis TenEyck — Secretary, Tom Houston, Donna Weiss — Vice President.
